Benefits of REACH Cut Planner

REACH Merchandising Manager benefits include

Manage Your Company by Exception

REACH Merchandising Manager will, thus, enable you to 'manage your company by exception' directing the vast majority of the company's human attention to the 'out-of-the-ordinary' business situations that present the most risk and greatest opportunity.

Impact on Revenues

End-to-End integration of company data ensures all parties have the latest, most accurate information. This leads to cutting down on wastage, shortening time-to-market cycles for new collections and styles while accelerating your ROI (Return On Investment).

Impact on Costs

REACH Merchandising Manager helps you cut inventory volumes, eliminate production backlogs, and reduce the expense of working with partners, resulting in greater efficiency with dramatically lowered costs.

Impact on Strategy

Rapid analysis of critical business data from all parts of your value chain enables fast and accurate planning of budgets and forecasts.

REACH Merchandising Manager

For Industry Professionals

Best In Class Merchandising Management software for Fashion, Garment, Apparel, Clothing Sectors.

What does REACH Merchandising Manager do?

REACH Merchandising Manager is tailored to ensure your competitiveness in the soft goods manufacturing and merchandising marketplace, where trends are created overnight, fashions change quickly and without warning.

RMM: streamlines sampling, merchandising, production and quality processes, integrating customer service with optimal utilization of resources across the enterprise. RMM allows you to automate a large number of routine events without human involvement. Most importantly, the software can prompt you to intervene when exceptional events demand it. In short, your merchandising value chain becomes more efficient, responsive and profitable.
