What does REACH Bags PDS do?

Manually making the patterns for bags is a cumbersome, laborious and error prone process.

Any error in bags patterns will lead to significant waste of time and resources in downstream processes in bags creation process.

In a competitive bags market, the ability to develop new bags products and get these to customers at the right time is critical to survive, grow and thrive.

REACH Bags PDS enables teams across design, prototyping, manufacturing and marketing in bags creation to collaborate easily to ensure that accurate bags patterns are made easily and fast.
