

Way Forward

Please write to us at info@reach-tech.com or message us at WhatsApp +91- 8459278496 to request a call back.

We offer a number of engagement options.

1. REACH CAD software license purchase with or without Online / Onsite Training.
2. REACH CAD software rental/ subscription for 1 (One) day to 1 (One) year with or without Online / Onsite Training.
3. Online / Onsite Training on REACH CAD. We provide REACH CAD software licenses and Trainer. You provide Class Rooms and Trainees. We also leave REACH CAD software licenses with you for 1 (One) week to 3 (Three) months for Trainees to practise. We offer training in over 50 different languages.

Benefits of REACH Composites PDS

- Save Time - Save time by automating the composites Pattern Design and Pattern Grading process.
- Eliminate Errors - Take the monotony out of composites Pattern Design and Grading, leverage custom made tools and libraries and automate the workflow eliminating human errors
- Collaborate Easily - Share the digital patterns of composites with team members, customers, suppliers and partners, as required, easily and fast to arrive at decisions faster.
- Easier Project Management - Manage various projects easily by having all details of digital patterns of different orders for composites easily available for ready reference at any time.
- Accelerate Business Velocity - Rev up your business engine and accelerate your business in the digital economy by combining easy collaboration, effective project management and by eliminating errors.
- Build a Strategic Competitive Advantage - Returns On Investment is a function of Business Velocity and Margins. REACH Composites PDS enables higher Margins while accelerating your Business Velocity and can help you build a long term, sustainable competitive advantage.

REACH COMPOSITES PDS

For Industry Professionals

Pattern Design Software for Composites

Industry 4.0 Artificial Intelligence Machine Learning Analytics

Intelligent Solutions for Composites Sector

What does REACH Composites PDS do?

Manually making the patterns for Composites is a cumbersome, laborious and error prone process.

Any error in composites patterns will lead to significant waste of time and resources in downstream processes in composites creation process.

In a competitive composites market, the ability to develop new composites products and get these to customers at the right time is critical to survive, grow and thrive.

REACH Composites PDS enables teams across design, prototyping, manufacturing and marketing in composites creation to collaborate easily to ensure that accurate composites patterns are made easily and fast.

REACH COMPOSITES PDS

- *Compress Product Development Time prototypes.*
- *Save Resources*
- *Collaborate Easily*

- *Easier Project Management*
- *Accelerate Business Velocity*
- *Build a Strategic Competitive Advantage*

REACH Composites PDS for Industry Professionals

- If you are a professional, getting trained on REACH Composites PDS will enable you access opportunities in the digital Composites value chain and accelerate your professional growth.
- Online and Onsite Training Programmes on REACH Composites PDS are available through a range of institutions including universities, polytechnics, technical schools and skill training centres. If you would like to get trained on REACH Composites PDS, please write to us at: info@reach-tech.com or message us through the contact form.
- If you would like to buy REACH Composites PDS software to offer pattern making services or to run a training centre, you may be eligible for special prices.
- We also offer e-learning content and study books on how to use REACH Composites PDS to create patterns, grade these and develop high efficiency markers.
