## What does REACH Footwear PDS do?

Manually making the patterns for Footwear is a cumbersome, laborious and error prone process.

Any error in footwear patterns will lead to significant waste of time and resources in downstream processes in footwear creation process.

In a competitive footwear market, the ability to develop new footwear products and get these to customers at the right time is critical to survive, grow and thrive.

REACH Footwear PDS enables teams across design, prototyping, manufacturing and marketing in footwear creation to collaborate easily to ensure that accurate footwear patterns are made easily and fast.
