What does REACH Furniture PDS do?

Manually making the patterns for furniture is a cumbersome, laborious and error prone process.

Any error in furniture patterns will lead to significant waste of time and resources in downstream processes in furniture creation process.

In a competitive furniture market, the ability to develop new furniture products and get these to customers at the right time is critical to survive, grow and thrive.

REACH Furniture PDS enables teams across design, prototyping, manufacturing and marketing in furniture creation to collaborate easily to ensure that accurate furniture patterns are made easily and fast.
