

REACH SOPHIS

Nesting Software for Furnishings

REACH Sophis

REACH Sophis is the Best In Class nesting CAD software that enables significant savings in material and time for the home furnishings sector.

BENEFITS OF REACH SOPHIS INCLUDE

- **Save Material**

Drive down costs by benefiting from the most advanced algorithms leveraging Artificial Intelligence to develop optimal nested layouts for home furnishings.

- **Save Time**

Save time by automating the nesting process. Let the algorithms work over night, even when no one is around, and have the nested layouts of home furnishings ready in the morning.

- **Collaborate Easily**

Share the nested layouts of home furnishings with team members, customers, suppliers and partners, as required, easily and fast to arrive at decisions faster.

- **Easier Project Management**

Manage various projects easily by having all details of nested layouts of various orders for home furnishings easily available for ready reference at any time.

- **Accelerate Business Velocity**

Rev up your business engine and accelerate your business in the digital economy by combining easy collaboration, effective project management and by eliminating errors.

- **Build a Strategic Competitive Advantage**

Returns On Investment is a function of Business Velocity and Margins. REACH Sophis enables higher Margins while accelerating your Business Velocity and can help you build a long term, sustainable competitive advantage.
